Dear William.

Most truly ~~am~~ I
Thankful that you are safe at
home. After such a time as
you have had in Europe! I have
gloried in your brilliant career,
You richly deserved it all. &
more, I have been glorified in
your true & richly merited
glory. Pardon me - Dear Will-
iam! for saying it - but it is even
in my heart, it is full of the
feeling, that if there is one man
of the living Present or of the Dead
Past, whose Character ~~and~~ Cori-
tion on the Scroll of Human
Destiny, I would prefer above all
others, it is yours. You deserve
the glorious, everlasting Kingdom
that the Race awards to you.

Dear William! I spoke here
last Sunday. Am to speak here to
morrow. Thursday Morn - the 24th
at H. O. Clark's. I leave Boston for
Cleveland, Ohio - to speak there all
the Sunday's of Dec, Jan. & Feb, & in
the Trinity start 3 times a week,
on week day evenings. Shall not
be in Boston till Feb. March. May shake be
till May. It will be hard to go so far
the going is long, without seeing you -
if but for an hour. I must be in
Boston, Wednesday Night. to be on
hand at 4 Thursday Morn.

Will you be at Home Wednesday
Evening? Can I see you & talk over
your tales in Europe, nearly every
step of your journeyings there. I
have noted down in my Diary
kept on the spot. Can you send
a line to me - care of B. Cla. North,
Boston, - letting me know if I
can see you Wednesday Evening -
Nov. 28th? Did Frank come home
with you?

I spent two months lecturing in
Ohio, during their last political convulsions.
Deep & malignant & murderous is the
hatred of the Negro among all the Dem-
ocrats there & among many of the Republi-
cans there of "sincere moral & religious"
"White Man's Government". It is the
Democratic battle cry of the next Presi-
dential campaign. Henry C. Wright
